ROSE WATER BEAUTY MASK

Benefits: Hydrating, Toning, Anti-Ageing

Janna's Rose Water Beauty Mask helps hydrate, revitalise and moisturise the skin while enhancing the skin's natural antioxidant properties, helping fight the signs of ageing skin by reducing fine lines and wrinkles, toning the skin, giving way to naturally beautiful skin.

1 Tencel Facial Sheet Mask 25ml/0.85fl.oz.

PRICE/AVAILABILITY: £3.99 at www.jannauk.co.uk with free UK shipping on orders over £30

INGREDIENTS

Purified Water, Neroli Water, Water (and) Erythritol (and) Homarine HCl, Saccharide Isomerate, Hibiscus Esculentus Fruit Extract, Organic Rose Damascena Water, Aqua and Pentylene Glycol and Glycerin and Sodium Lactate and Lactic Acid and Serine and Urea and Sorbitol and Sodium Chloride and Allantoin, Glycerin, Sodium Acrylates Copolymer (and) Lecithin, 1,3-Propanediol, Sorbitan Caprylate, Leuconostoc and Radish Root Ferment Filtrate, 1,2-Hexanediol, Hydroxyacetophenone

ORGANIC ROSE DAMASCENA WATER

Organic Rose Damascena Hydrosol acts as a humectant and also helps to balance the skin. It can be used for all skin types including combination skin. It helps to regulate sebum, and its antibacterial properties can be helpful in the prevention of acne. It is a good choice for anti-ageing and anti-wrinkle as it eliminates dullness and refreshes skin's complexion. It is also known for its ability to help cool sunburn. Because of its rich chemical composition, it possesses the power to counteract inflammation, by suppressing the growth of certain types of bacteria. By controlling inflammation, Rose water allows the skin to recover faster and restores its integrity

HIBISCUS ESCULENTUS FRUIT (OKRA) EXTRACT

Contains polysaccharides and protein components which are responsible for the skin's natural ability to hydrate and retain water. They promote hyaluronic acid within the dermal layer and are critical for skin repair and renewal in the anti-ageing process.

SACCHARIDE ISOMERATE

Thanks to its unique affinity to the skin, Saccharide Isomerate ensures instant, deep hydration by generating a moisture reservoir that lasts for 72 hours from the final application. Consumer test panels confirm a 50%-plus reduction in flakiness and itchiness caused by dry skin.

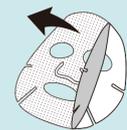

Saccharide Isomerate increases stratum corneum hydration and water retention in the short-term which consequently leads to a mid- to long-term improvement in desquamation and in the epidermal barrier function. Tightness, itching and stinging caused by dry skin are all reduced for a more comfortable skin feeling. Improved softness and smoothness, as well as reduced flakiness, finally lead to a healthy skin appearance.

NOT TESTED ON ANIMALS

DIRECTIONS FOR USE

1. Take the mask from packaging, unfold carefully and remove its white protective layer.

2. Apply the mask onto face avoiding lip and eye areas.

3. Adjust and press lightly to ensure optimal adhesion to all areas.

4. Remove mask after 20 minutes and pat the remaining essence into skin

Caring, nourishing and translucent In the cosmetics sector, TENCEL® scores in facial masks thanks to its outstanding absorption and transportation properties and the need-based release of caring lotions for perfectly pampered skin. TENCEL® - a fiber which was specially developed for use in face masks - provides transparent non-wovens which pamper the user's skin with their silky soft surface. The TENCEL® fiber satisfies the EU guidelines for cosmetics and has been awarded numerous ecolabels for its environmental friendliness.
